ROSÉ

GRAPES

30% Pinot Noir

6% in red

46% Chardonnay

18% Meunier

A blend with the highest level of Chardonnay to compensate for the vinosity of Pinot Noir, especially the red one. It is the fruit of the last vintage plus 45% of reserve wines from the previous two vintages then two years of yeast fermentation and extra brut dosage 4 g/l. An elegant rosé created from the red citrus fruits and the fruit giving it a fresh, lively and crisp flavour. It is a subtle rosé, combined with a soothingly fresh and brilliantly clean taste making it ideal as an aperitif or as a table wine.
